Issue:

Noor Muhammad is living in the village Rohray Wala .He belongs to Ahl e sunat sect. People from different sects were living in the village like Ahl e sunat , Ahl e Hadis, Ahl e tashi and Brelvi. Noor Muhammad was the student of B.sc, although he had education but he was also in favor of sectarianism like his forefather and other villagers due to social norms and domestic customs .The personal hatred and enmity was much common in the village of Noor Muhammad. They did not take part in happiness and sorrows of the people of other sects.

How the issue resolved

In the 1st meeting of WAK, Noor Muhammad shared that he was also a supporter of sectarianism like other people due to domestic customs, social norms and different beliefs. He told that he did not even want to see people who belong to other sects and did not take part in the happiness and sorrows of other people. He said WAK members invited him in community meetings and in corner meetings as well to develop interaction between him and people from other sect. Although he attended meetings but in start he felt a very little positive change in his behavior. WAK members then invited him in community actions, so that he can sit with other sect's people and listen about peace, tolerance, brotherhood and interfaith harmony. These sittings created a very positive impact on Noor Muhammad. Noor Muhammad realized that the peace messages given by WAK members are very fruitful for him as well as for community. Noor Muhammad now accepted the reality that as a human being we all are equal and before shia, suni and bralvi we are human being. Now the behavior of Noor Muhammad is totally changed and he is promoting the message of peace, tolerance humanity and brotherhood to his friends and to his family members as well. Now he respect and tolerate people from other sects, Mr Noor Muhammad also said that though my family is still on the same believes which I had before the awareness of WAK members and Sanjh Pakistan but I am trying to aware my family so that they can also start tolerating others as well.
